## **Denon Professional Debuts Multi-Format DN-300Z Poly-Media Player**

***Bluetooth®-equipped unit handles all popular disc, wireless and solid-state media formats***

**Fort Lauderdale, FL**—December 10, 2014—Denon Professional ([denonpro.com](http://denonpro.com)), today introduced the DN-300Z, a compact, all-in-one media player that handles all popular playback formats for unrivaled capability from a single playback device.

The DN-300Z packs a tremendous amount of performance into a space-saving single rack unit chassis. It features Bluetooth technology for wireless streaming, as well as front-loading media slots (CD, USB, SD/SDHC) that provide intuitive playback of all popular mass-storage media for today's BYOD (Bring Your Own Device) environments. Features such as the informative LCD screen and push encoder ensure that ease-of-use is unsurpassed. With support for CD-DA, MP3, WAV, AAC files and a built-in AM/FM tuner that features inputs for 75-ohm coax (FM) and loop-style (AM) antenna to boost reception, the DN-300Z is the master-of-all-trades player that excels when the unpredictable occurs.

### **Denon Professional DN-300Z highlights:**

- Super-fast loading, slot-in CD player
- Supports removable USB thumb drive and HDDs, SD/SDHC cards
- Wireless audio playback from tablets and smartphones via Bluetooth
- Up to 100 foot (33m) wireless Bluetooth range
- Plays CD-DA, MP3, WAV, and AAC files
- AM/FM Tuner w/dedicated audio out for multi-room use
- 3.5mm (1/8-inch) input for audio playback of any audio device with a 3.5mm output
- Remembers up to eight Bluetooth devices for simple switching of wireless audio sources
- Lockable front-panel keeps program material from being interrupted
- Just one rack space; removable rack ears
- Detachable IEC-weighted AC inlet; 100-220v switching power supply

“We recognized the essential need for a professional playback device that embraces the BYOD trend in which many audio sources could be hand carried—even over the course of a single event,” said Costa Lakoumentas, Senior VP at Denon Professional. He added, “When the pace is moving at breakneck speed and you have to keep things flowing without interruption, the DN-300Z delivers seamless access to all your media, regardless of format.”

The Denon Professional DN-300Z will be available in January 2015 for \$399.99.
