## **DENON PROFESSIONAL INTRODUCES COMPLETELY WIRELESS ENVOI**

*Workhorse professional PA speaker fuses refined performance with unmatched versatility.*

Fort Lauderdale FL, USA — January 5, 2015. Denon Professional ([denonpro.com](http://denonpro.com)) today introduced the innovative and compact Envoi wireless sound system. Perfect for entertainment events and public speaking engagements, this compact, easily-transportable system solves the dilemma of amplifying voices and music to a large audience when there is no access to AC power.

The Envoi is fully wireless, with up to 12 hours of battery life, a hand-held wireless microphone for mobility and even a Bluetooth receiver allowing users to stream music right from their smartphone or tablet. In addition, a fully-featured built-in MP3 player can handle any playback files stored on SD card or USB thumb drive for total BYOD compatibility.

Envoi's superior crowd-pleasing sound comes from a potent 360-Watt amplifier built around cutting-edge Class D technology. Expertly tuned for speech and music applications, the robust 10" woofer delivers impressive lows while a phase-aligned tweeter sparkles with high-frequency clarity and articulation. From corporate meetings to beachside barbecues, Envoi brings the sound you need to make any event a success.

### **Denon Professional Envoi highlights:**

- Full musical range frequency response up to 20kHz
- 2-way active speaker (10" woofer, 1" compression HF driver)
- Built-in rechargeable battery provides up to 12 hours of powerful sound
- 360 watts Class D power (AC power line), 240 watts (DC battery-powered)
- USB/SD MP3/WMA Player for unattended playback
- Informative, clear LCD display
- Two-wheel system with retractable handle for easy transportability
- Mic 1&2 combo inputs with Mic/Line level selector switch
- ¼-inch (6.3mm) aux input connector
- 2-Band bass/treble EQ, ±12dB
- Reverb effect with trim knob
- 4-point battery level indicator
- Multi voltage switch
- Standard 35mm pole-mount socket
- Compact size 16.7 x 14.1 x 24.6" (425 x 360 x 626mm)
- Lightweight 41.8 lbs. (19kg)

"We recognized the unfulfilled need for high-quality, high-output sound reinforcement, even in those situations where AC power is not accessible," said Costa Lakoumentas, Senior VP at Denon

Professional. He added, "With the ability to stream music and amplify your voice without wires, Envoy provides the type of flexibility and power that makes it perfect in almost any circumstance."

The Denon Professional Envoy will be on display at the 2015 Consumer Electronics Show in Las Vegas, NV, January 6-9 at the Las Vegas Convention Center in Central Hall, Booth 11640. The Envoy will be available in Spring 2015 for \$599.99. For more information visit [denonpro.com/CES2015](http://denonpro.com/CES2015).
